# STORYLINE and RULES

The best baseball teams in baseball history, the Grizzlies and the Dragons! But every time they meet in a game, the result is always a draw... While both fans and players were getting tired of the ongoing draw, the coaches of the two teams made a suggestion to the players.

-Coach: "I'll admit that the team that wins the Bulls and Cows game is the best team!"

But the game wasn't just a Bulls and Cows game...

- You have to become a player for one of the two teams and lead the team to victory.
- Hit the opponent with a bat to steal the ball, and find a hidden ball.
- Open the opponent's safe with the hint, leading the team to victory.
